ENTITY STATUS CHECKLIST

Applicants who qualify for "small entity" status (versus "large entity" status) are entitled to a one-half reduction in most patent fees paid during the term of their entitlement. All parties holding any interest, exclusive or non-exclusive, must qualify as a "small entity" for the reduced fee to apply. A small entity is defined as:

(a) Individual inventors who have not transferred, assigned, conveyed or licensed and are not obligated to transfer, assign, convey or license any rights in their invention to a party which does not itself qualify as a small entity;

(b) Small business concerns; namely, businesses who, along with all controlled, controlling or related affiliates, have no more than 500 employees total; or

(c) Non-profit organizations; namely, universities or non-profit institutions defined as tax exempt under Internal Revenue Code 26 USC 501(a) or (c)(3).

Please carefully review these definitions and respond to the questions below. The patent will become unenforceable if an applicant who does not qualify pays small entity fees. **To protect your rights we will provide this checklist when paying filing, issuance and maintenance fees and will pay large entity fees unless the signed checklist verifying small entity status is returned to us.**

Please call us if you are uncertain whether or not you qualify as a small entity.

- | | YES | NO |
|--|--------------------------|--------------------------|
| 1. Do you qualify as a small entity in accordance with (a), (b) or (c) above? | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. Have you transferred, assigned, conveyed or licensed to any company or other entity? | <input type="checkbox"/> | <input type="checkbox"/> |
| 3. If you answered "yes" to Number 2, above, is that company or other entity a "small entity"? | <input type="checkbox"/> | <input type="checkbox"/> |

I understand that I must immediately advise Gifford, Krass, Groh, Sprinkle, Anderson & Citkowski, P.C. in the event my status changes from a small entity to a large entity.
